

# WINDY HARBOUR CAMPGROUND

The best place for your vacation

**BOOK NOW AND ENJOY YOUR MOMENT**

**SOUTHERN FORESTS VALLEYS**

## WHAT WE OFFER

Campsites are grassed. Six of the sites are powered.

Warm showers, toilets, laundry & baby changing room are located in the ablution block. Showers are to remain locked. Please supervise children inside the public toilets/showers. Please conserve water.

A tap is located adjacent to the rain water tanks near the ablution block. This water is regularly chlorinated to ensure consumer safety. Please only take enough water for your immediate consumption whilst staying in the camp ground.

A campers kitchen is provided for your convenience. Please ensure that the BBQ and other facilities are kept in a clean condition.

Firewood is located near the camp kitchen and is available for campers' use only at \$12 per bag. Use the BBQ areas provided only. No fires on the ground. DO NOT leave fires unattended and ensure they are kept small at all times. No campsite fire is to be within 5 metres of bush. The Caretaker will advise of any total fire ban or other relevant condition.

Rubbish bins are located around the camping ground and are emptied daily. It would be appreciated if large volumes of rubbish are deposited in the rubbish trailer located to the east of the Caretaker's compound.

Fish cleaning is not permitted within the camping ground, camp kitchen or ablution block. Please clean all fish on the beach and dispose all waste in the fish offal unit located in the boat ramp car park.

Dogs and other animals are not permitted in the camping ground.

The Caretaker's electrical system powers the light in the phone box, street lights, security lights, campers kitchen and the ablution block and is switched off at approximately 11 pm each night.

Please run quiet generators between 11 am and 11 pm. Loud generators are not permitted. The Caretaker has the right to ask you to turn off your generator if it is causing an inconvenience to others.

A convenience shop with basic essentials is located at the office. Please observe opening times.

Checkout must occur between the hours of 8 am to 10 am daily. If you wish to extend your stay please do so during this time. Your ablution block key deposit will be refunded on presentation of your key.

Unlicensed and off-road licensed vehicles, i.e. 4 wheel motorbikes, trail bikes, etc are not to be ridden within the Windy Harbour settlement.
